To the left of the window, there is a black outdoor lamp and a house number '2'. In the foreground, there is a small patio area with a round, dark-colored table and two matching chairs. The scene is set against a clear sky.

In 2019 we lovingly updated and transformed it, to create the perfect space for guests.

Now we're so happy to be able to share it with you.

GAUTRAIN: AIRPORT TO SANDTON

The Gautrain Sandton station is approximately 1.5 kms from the townhouse, and the high-speed Gautrain is the perfect way to travel between OR Tambo International Airport and Sandton. The commute time is 14 minutes, and it is exceptionally safe, clean and reliable.

E-HAILING SERVICES - UBER / BOLT

As Sandton is both a residential and business hub combined, e-hailing cabs/taxis are always easy to access and no more than a few minutes away. From a security perspective, always ensure that the details on the e-hailing booking match the vehicle that arrives.

CAR RENTAL

There are a number of car rental companies, either at the airport or based in Sandton, offering a variety of cars for hire, from sporty hatchbacks to luxury sedans and elegant SUV's. A rented car will have you out and about on the vibrant streets of Johannesburg in a flash.

SHESHA TUKS - SOMETHING DIFFERENT

The latest addition to Joburg's transport network is the enterprising fleets of tuk-tuks based outside the Sandton City Mall, on West Street. While chugging up steep hills on the back of a glorified motorcycle may not suit everyone, they do make travelling between suburbs fun. Shesha Tuks operates within a 5km radius, which can get you to places like Sandton City Mall, Rosebank Mall and nearby suburbs. Best to agree a price beforehand.

Visitors to the museum are greeted with a very real reflection of what it was like to live in a racially segregated society.

SOWETO, PIMVILLE

Many famous South African leaders have their roots in Soweto - Nelson Mandela, Bishop Desmond Tutu. There are a number of tours to Soweto and they are well worth taking. WHAT IS LOADSHEDDING?

South Africa has insufficient electricity generating capacity and therefore cannot meet the demands of all customers. This is due to operational failures, maintenance issues, and ageing, poorly-maintained power stations. When the demand for electricity exceeds the available supply, planned supply interruptions or rolling blackouts, commonly called load-shedding in South Africa, must be carried out.

MINIMISING THE IMPACT

There is a load-shedding App you can download, which gives you the schedule as to when you can expect to have no power. The good news is it is free! Look for "EskomSePush": Loadshedding App. 

Once downloaded, look for the suburb Sandown Ext 24(4). Click on the suburb, once downloaded you will see the times our area will experience power cuts. You can then plan accordingly. "Forewarned is forearmed!"

WHAT IS IN PLACE TO MANAGE AT HOME?

AN INVERTER

There is an inverter that switches on automatically as the electricity goes off – there is no need to switch anything on etc.

This inverter keeps the uncapped wifi running, the television as well as the lamp, next to the tv, in the lounge.

The inverter can keep these devices on for 3-4 hours

BATTERY BACK-UP LIGHT BULBS

All the lamps and many of the lights, throughout the house, are fitted with battery back-up, LED light bulbs

This means you have light when power outages take place.

When power resumes please turn the lights on for 1 hour to recharge the bulbs.

ONE-PLATE GAS STOVE

In the kitchen pantry cupboard you will find a mini, portable, one-plate gas stove, in a protective case.

This allows you to boil a kettle - also found in the kitchen cupboard - or cook a one pot meal

"AMAZING STAY"

I cannot recommend this property enough. Jill is the most amazing host-thoughtful and attentive whilst still respecting your privacy. The apartment is very spacious, superbly decorated and spotlessly clean. It has a beautiful little garden and patio. The pictures don't do it justice. Attention to detail is amazing- thoughtful touches, five star linen with electric blankets and and and... Apartment is very safe and secure. Thanks Jill you are amazing!

Michelle

"WE WILL BE BACK"

I've stayed in a few AirBNBs but Jill's place is top of the list. If plus 5 star existed, I'd rate it above. Easy checking in, very clean and peaceful. Jill and Gavin are top Hosts, always making sure you're comfortable and very helpful. I will definitely be returning to their place. Thank you so much guys for all your help and care.
